

IN THE NAVY!

There are many opportunities to make the most of your potential with a career in the Australia Defence Force.

Priority Roles Recruiting NOW!

NAVY

MARINE TECHNICIAN

FULL TIME

Marine Technicians operate, maintain and repair the ship's machinery, gas turbines, diesels, ventilation, as well as power generation and distribution, and electrical control systems.

NAVY

ELECTRONICS TECHNICIAN

FULL TIME

Electronics Technicians maintain, repair and operate a variety of electronic systems associated with guns, missiles, radar, sonar, navigation, combat data, communications and their related information technology, electrical, hydraulic and mechanical systems.

NAVY

AVIONICS TECHNICIAN

FULL TIME

You'll be responsible for the provision of specialised personnel management and administration functions of this large organisation, and have the opportunity to travel around Australia and overseas.

NAVY

COMBAT SYSTEMS OPERATOR

FULL TIME

In the role of Combat Systems Operator, you'll be the eyes and ears of the Navy, with vision that extends far beyond the horizon. The tools of your surveillance trade will be the sophisticated sonar and radar systems used for both navigation and defence purposes, along with high-tech information systems.

NAVY

SUBMARINERS

FULL TIME

Join the Deep Elite, maintaining propulsion machinery, power generation systems, hull structures, air con, refrigeration and more.
