

Crossing the road safely

It's important to cross the road correctly to get to where you are going safely. Here's how you can safely cross the road like me.

Signalised crossing

Push the pedestrian button

Wait for the walk light to go green  and for all traffic to stop

Only cross when you see the **green person or walk sign**

Never start crossing when you see the **red person or don't walk sign**

Children's crossing

Wait on one side of the road

Listen for the crossing supervisor's whistle

✓ Only cross when you hear the supervisor's whistle and all traffic has stopped

Wait at the edge of the crossing

Look to make sure all traffic has stopped

✓ Only cross once all traffic has stopped

Zebra crossing

Pedestrian refuge

Wait for a safe break in traffic

Remember you don't have right of way

Look to make sure no traffic is coming

Cross to the refuge or island in the centre of the road

Look again to make sure no traffic is coming

Cross to the other side of the road

✓ Always look out for cars and other vehicles and only cross when there's a safe break in traffic
